PROGRAMME.

The Fair will be formally opened on

TUESDAY, OCTOBER THE FIFTEENTH, 1907,

at twelve o'clock noon,

BY

His Excellency ROBERT B. GLENN,

Governor of North Carolina,

ASSISTED BY

The President and Ex-Presidents of the Society.

SUPERVISORS WILL RECEIVE THE BOOKS FOR THEIR RESPECTIVE AWARDING JUDGES AT TEN O'CLOCK WEDNESDAY MORNING.

NOTICE TO EXHIBITORS.

Read carefully this rule touching all exhibits: "Exhibits not in place and fully installed by 12 o'clock Tuesday, October 15th, will receive no attention whatever from the Awarding Committee or Experts."

Exhibitors must make themselves acquainted with the prize list and regulations, and be sure in what classes and departments their entries belong.

The original entry-card must in all cases be attached to the exhibit, except in cases of animals, when the card may be placed conspicuously upon the stall or pen.

No article will be entered in more than one department, except where otherwise provided. This rule applies to all exhibits except those in Speed Department.

Exhibitors will not be allowed to sell goods during the Fair (though they may receive and book orders), nor will they be permitted to call attention to their wares in any noisy or disorderly manner.

Exhibits that have been erroneously entered may be transferred by applying to the Superintendent of Entries before 12 o'clock noon Tuesday of the Fair. If, however, such classes have been judged, they shall not be reopened.

Persons entering live stock to be exhibited in the ring or on the track will be expected to have their stock ready when ordered, and if not brought in promptly it may be excluded from examination.

No animal or article will be allowed to leave the show grounds until after **5 o'clock on Friday,** this being a condition of the entry. **Transgressions against this rule will incur forfeiture of any premiums awarded.**

The Society makes no charges for space, and, except in special instances, exacts no entrance fees; but ten per cent. of all premiums, aggregating five dollars or over, awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy towards exhibitors, as no one will be required to pay unless awarded a premium.

INTRODUCTION.

The Forty-seventh Annual State Fair will open on Monday, October 14, 1907, and continue throughout the week.

Preparations are being made for an agricultural display in 1907 that will far eclipse any heretofore shown. The Board of Agriculture, moved by a patriotic desire to help the farmers of all sections by showing them just how the farmers of the different sections are getting the largest return from the money invested and the labor expended, have generously offered, through this Society, $750 for premiums on Field and Garden Crops. Fourteen staple crops have been selected—Corn, Cotton, Wheat, etc. On each a first premium of $25, a second of $15, a third of $10 will be given for the LARGEST YIELD FROM ONE ACRE, a named quantity of each to be shown at the Fair. Also a set of premiums on the best display of TRUCKING. These premiums are liberal and should call forth eager competition. These premiums are in addition to those offered by the Society. The information obtained from the successful competitors for these premiums as to seed selection, method of planting and cultivation will be published in pamphlet form and sent out to any one wishing to learn just how to increase the yield per acre of his crops.

The premiums on county displays have been largely increased, and these beautiful exhibits will be a feature of the Fair of 1907.

Help your county to be the "banner county" and compete for the individual premiums at the same time.

Every farmer is invited and urged to bring forward his products. No entry fee is charged, and exhibits are returned free of freight charge on certificate from the Secretary. The stalls and cattle pens have been rebuilt; an abundant water supply by means of tanks is provided.

For complete list, including the premiums, besides field products, for horses, cattle, sheep, swine, poultry and pet stock, fruits and flowers, pantry supplies, manufactures, ladies' needle and fancy work, fine arts, agricultural implements and machinery, minerals and building stones, and for general displays, educational exhibits, historical and scientific displays, athletics and tests of speed, send your name and post-office address to the Secretary.

There will be a brilliant Midway, with nothing to offend or demoralize. No toy whips will be allowed on the grounds. No "strong" games of chance of any kind whatsoever will be allowed on the grounds, and the management puts itself on record with a pledge to the public to use all possible efforts to prevent gambling. The free attractions will be entirely new and first-class in every respect.

This fair has done and is still doing a great work for our people, and we bespeak for it a continued liberal patronage. This is the greatest place in North Carolina for friends to meet friends and to have a jolly good time.

We will have the pleasure of welcoming Hon. William Jennings Bryan, who will address the people at the Fair Grounds on Thursday, October 17th. Come out and greet him.

JOSEPH E. POGUE,
Secretary.

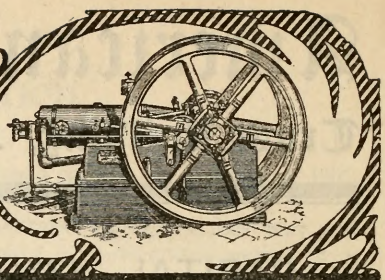
An Engine without An Engineer



An I. H. C. Gasoline Engine

does not require an engineer to run it. It is so simple and practical in construction that it requires very little attention and is easily operated by anyone.

An I. H. C. Gasoline Engine

runs smoothly and produces more power than rated. It is very economical in the use of fuel, consuming less per horse power than any other engine of the same rated capacity.

An I. H. C. Gasoline Engine

is a wise investment. It saves time and money, and increases your profit as a result of the increased production. No progressive farmer can afford to be without an I. C. H. engine. **There is one to fit your special need.**

Made in the following styles and sizes:—

Vertical—2, 3 and 5 horse power.
Horizontal—4, 6, 8, 10, 12 and 15 horse power.
Portable—6, 8, 10, 12 and 15 horse power.

18. **Special rates will be given schools, factories, private excursions and such organized bodies as approved by the Secretary.**

19. **Life members, and members of the Executive Committee, when reporting to the Secretary, will receive admission tickets.**

20. No person shall be permitted to remain on the grounds over night except those holding permits, which must be secured from the Secretary.

21. **SPECIAL RULE.—The Society makes no charge for space, and, except in special instances, exacts no entrance fees; but ten per cent. of all premiums aggregating five dollars or over awarded by the Society will be retained as entrance fees, except where entrance fees are specifically charged. This is a liberal policy toward exhibitors, as no one will be required to pay unless awarded a premium.**

ENTRIES.

22. The entry-books will be opened at the office of the Secretary of the Society in the city of Raleigh from September 25th to and including the Friday next before Fair Week, and at the Secretary's office at the Fair Grounds on Saturday and until 12 o'clock M. on Tuesday, when all entries will close. Much trouble and annoyance may be avoided by observing this regulation.

23. Entries may be made in person or by proxy. In making entries it will be necessary to give the name of the article, the name and post-office address of the exhibitor, and the premium number under which the article entered is to compete. This is especially necessary in order that the articles may be properly entered.

24. **All articles which are the product of the soil must be entered in the name of the producer. Those showing handiwork of skill must be entered in the name of the one whose skill they exhibit. Such may be individuals, firms or factories. They must have been made within three years, and not exhibited at any former Fair of this Society. All other property must be entered in the name of the actual owner. Any violation of this rule will bar the violator from competing for any premium whatever, and render him and his exhibit liable to expulsion from the grounds.**

25. In case special facilities for meritorious exhibits are required, such entries shall be made before October 1st. Any person may enter as many different articles as he or she may own, in any department.

26. The same article or animal cannot compete for the premiums of two or more premium numbers, except when otherwise stated in the head-notes of the department in which it is exhibited.

27. All entries will be numbered and recorded in the books of the proper department and class, and corresponding tags will be issued, which must be attached to the exhibit before such can be placed on exhibition.

28. Contrary to the custom of most agricultural societies, the Society has decided that the names of all exhibitors shall be placed on the card attached to the article on exhibition, EXCEPT IN DEPARTMENTS C AND E, DEPARTMENT H, and DEPARTMENT I, as to do otherwise deprives the exhibitors of one of the main features of these exhibitions, viz., advertising (but pictures, etc., in Department I may be identified on the back of same).

29. No person will be allowed to see the entries or have access to the entry-books until after the awards have been made.

30. All entries shall be for the first premium of the premium number under which they are entered, but, failing to take the first, shall compete for the second, if a second is offered; and, failing to take the second, shall compete for the third, if any; but shall not be awarded more than one premium under the same premium number.

31. Exhibitors must see to the proper delivery of articles and live stock on the grounds, and to the proper care of the latter, as no charges for transportation or drayage will be paid by the Society.

EXHIBITS.

32. The grounds will be in readiness for the reception of exhibits any time during Thursday, Friday and Saturday preceding the Fair, but no exhibits will be received Sunday, except live stock from a distance that may have been delayed in coming. Neither will exhibitors be permitted to make any arrangements on that day, except such as the Superintendent may deem necessary.

33. Articles and animals provided with the required entry-tags will be assigned places by the Superintendent of Department until Tuesday, October 15th, at 12 o'clock M., after which no more will be received in departments where premiums are offered except in classes where perishable goods are entered.

34. All animals must be exhibited in such place and at such times as the Superintendent in charge of such shall direct, in accordance with the official programme.

35. Any and all articles obnoxious or repulsive in their character shall be excluded from the grounds, or, if entered without being fully known, shall be removed at once.

36. Ladies from a distance desiring to exhibit textile fabrics may ship their goods to the Secretary, but in no case will he or the Society be responsible for any loss, damage or breakage. Goods so shipped must be directed to the Secretary, "Main Gate, Fair Grounds," and must arrive not later than Saturday, 12th. **No package will be accepted unless freight or express is prepaid.**

Special notice is hereby given that none but textile goods and art work can be consigned to the Secretary for exhibition or competition.

37. Exhibitors will be required to keep their space and stalls in a cleanly condition by removing therefrom any filth or litter and place it in front of said space or stall, where the scavenger force of the Society may get it with ease.

38. Should any person misrepresent his exhibit, and a premium be awarded upon it, such premium may be withheld by the Executive Committee.

39. **SPECIAL NOTICE.—Read carefully this rule as touching all exhibits: Exhibits not in place and fully installed by 12 o'clock Tuesday, October 15th, will receive no attention whatever from the Awarding Committee or experts.**

Exhibitors can have the use of halls and grounds for any reasonable number of days preceding opening day proper in which to place their exhibits. There is no good reason for delay. Hence it is repeated, this rule will be rigidly enforced "for the good of all concerned."

PREMIUMS.

40. A premium ribbon is a badge of merit, and in no case should it be attached to article or animal where meritorious qualities are lacking.

41. The premiums are designated by ribbons, blue meaning first, red second, and white third premium. These ribbons will be attached only by the Director of each department, or his Superintendent, after Judges or Committees have made their awards and the same have been approved by the Directors.

42. The Society deems its diploma or medal to possess value equal to cash premium of not less than ten dollars. The exhibitor entitled to a prize equal to that amount will be at liberty

to commute a money premium for a diploma or medal, but not the award of a diploma or medal into a money premium.

43. Premiums are payable thirty days after the close of the Fair, and if not claimed by the first day of February, 1908, will be regarded as donated to the Society.

44. Medals and diplomas will be delivered at any time between November 1st and December 31st, 1907.

INSTRUCTIONS TO SUPERINTENDENTS.

45. No Superintendent of Department will be permitted to employ help without written authority of the President or Secretary, and the Fair Association will not become responsible for the pay of help employed without such written authority. An order for all supplies must be obtained from the Secretary or Assistant Secretary.

46. Superintendents of Departments will be in attendance from 8 A. M. to 6 P. M. at their respective posts on the ground, Monday, October 14th, to Friday, October 18th, inclusive. They will have exhibits promptly placed, and departments must be in complete order by 12 M. Tuesday, October 15th.

47. If erroneous entries are made, they will make the necessary corrections or cause such to be made in the official entry-books.

48. Superintendents will point out to the Judges of Award the articles or animals to be inspected, and cause the same to be displayed in their proper places and at the proper time.

49. They will see that order and decorum are observed in their departments, and that property is protected against damage and loss by accident or otherwise.

50. They will also see that no property is removed before the appointed time, and that the checks are detached from the tags of property when removed, as a means to prevent fraud or mistakes by such removal.

JUDGES.

51. The Society reserves the right to use either the single or three-judge system, or both, during the Fair of 1907.

52. The Judges of Awards, when ready for duty, shall be furnished by the Secretary with a list of all entries in their respective departments and books in which their awards are to be recorded.

53. Should any of the Judges previously selected fail to be present, the Director of each department is authorized to select to fill the vacancies, always endeavoring to select persons duly qualified by their pursuits or experience to make correct awards in each special department. In all cases the Judges, before awarding any premium, will be careful to see that the requirements of the Premium List have been strictly complied with by the exhibitor.

54. No person directly or indirectly interested will be allowed to serve as a Judge, and the Executive Committee will quash the awards in every case when a person interested has acted as a Judge; nor shall a member of the Executive Committee act as a Judge or umpire under any circumstances.

55. **Judges are specially instructed not to award premiums to any animal or article because of its presence. It must be individually worthy. It is not the policy of the Society to encourage indifferent productions of any kind, or to distribute premiums equally among exhibitors, and no premium should be awarded to any animal or article that does not possess high intrinsic merits.**

56. When two subjects of the same kind presented for premiums are deemed by the Judges of equal merit, and also of such a high degree that to either, if alone, the premium would be awarded, in such case the award must be to divide the first and second premiums equally between the two competitors; or, in

case there shall have been no second premium offered, then divide the first only in like proportion.

57. The Director in charge and the Special Superintendent shall attend the Judges when making the examination in their respective departments, and furnish them with all required information. PREMIUMS WILL NOT BE PAID TO PARTIES HAVING EXHIBITS WHERE IT IS PROVEN THAT THEY ACCOMPANIED THE JUDGES WHEN AWARDING THE PREMIUMS. The awards, when completed, shall be signed by the Judges and also by the Director, who will take charge of the book and return it to the Secretary. As the awards are made, the Director or his Superintendent will attach the ribbon indicating the award.

58. Decisions of Judges shall be final, and no appeal will be considered, except in cases of protest, in writing, with strong evidence of fraud or violation of the rules of the Society, which may be filed with the Secretary before the premiums have been presented.

59. Reports must be signed by each Judge in his own hand.

60. JUDGES CANNOT AWARD PREMIUMS TO ARTICLES NOT IN THE REGULAR PREMIUM LIST, BUT MAY MAKE RECOMMENDATIONS AND FILE THESE WITH THE SECRETARY, WHO WILL PRESENT THEM TO THE EXECUTIVE COMMITTEE.

POLICE.

61. All tickets—life members' tickets or other tickets—presented by persons not entitled to hold them must be taken up, and those offering them required to purchase others before entering the grounds.

62. The policemen shall be sworn in as conservators of the peace, and it shall be their duty to arrest any person creating any disorder or violating any of the rules of the Society or laws of the State.

PRIVILEGES.

63. One ticket, good for one admission each day of the Fair, will be given for every ten dollars of privilege money paid, and for each additional charge of ten dollars, or fraction not less than five dollars, one extra ticket, and no more.

At a meeting of the Executive Committee of the North Carolina Agricultural Society (Advisory Board), held July 29, 1905, the following resolution was adopted, and is hereby announced, that all persons interested may be governed accordingly:

Resolved, Every privilege granted must be in conformity with the laws of the State, and subject to inspection at any time; and no gambling of any sort will be allowed, and no toy whips will be allowed on the grounds.

All worthy and interesting shows or amusements are invited and will receive a cordial welcome.

Notice is hereby given that the above will be strictly enforced.

CARE OF STOCK.

64. Straw for bedding will be furnished by the Society in reasonable amount, free. Arrangements have been made with a responsible party to furnish hay, corn, oats, and chop feed on the grounds at market prices, in quantities to suit purchasers. The Society does not furnish feed.

65. In order to accommodate exhibitors to the best advantage, applications for stall should be made to the Secretary as early as possible. No charge is made for use of stables by animals regularly entered for competition.

66. Thursday and Friday will be the days of the parade, and all stock must be in the parade or forfeit premiums, except where stock is not able to come out, or too vicious, and that to be decided by the Superintendent in charge.

NOTE.—Articles entered for the foregoing premiums can not compete for the individual premiums, nor for the premiums of the Board of Agriculture, but may compete for the Alliance premiums, provided exhibitor be an Allianceman and so state on making the entry. This does not prevent an exhibitor from competing for any number of premiums, provided the same article is not entered more than one time.

All exhibits entered for competition must be grown or produced by the person competing, or under his or her direction.

One hundred points to be recognized as perfect.

Agricultural Products will be rated at	60

All exhibits intended for special premiums Nos. 1, 2, 3 and 4 must not be placed with exhibits entered for single premiums, as it will confuse the Judges of Awards and entail trouble.

Each exhibit for premiums 1, 2, 3 and 4 must be worth in actual cash not less than the value of the premium competed for.

The awards will be made by a special committee appointed for the purpose, and exhibitors are assured that absolute fairness will be exercised.

The premiums are very liberal, and the Society hopes that they will be competed for, but positively no awards will be made unless the exhibit is meritorious.

DEPARTMENT B 1.—HORSES.

H. B. MARRIOTT, *Director.*

Unless the Judges deem the animal individually worthy, they will withhold premiums.

Pedigrees for this section must be fully verified and filed for examination and approval with the Director of this Department. Reference will be made to the English Stud Book, the American Turf Register, Wallace's or Bruce's Stud Book, or others of equal standing. Stallions or jacks only admitted to competition that have served ten mares during the season.

But ordinary stock, without pedigree and not standard bred, shall be admitted for exhibition and competition in its own class.

Exhibitors of horses will be required to test their animals under the direction of the Judge or Judges who may have charge of the class in which the entries are made. The Judge or Judges have full power to rule out of competition all who do not comply with their requirements.

Horses to compete for premiums must be sound, except in cases of stallions or mares injured by accidents which do not impair them for breeding purposes.

The age of horses and foals will be reckoned from January 1st. All foals will be considered one year old on the first of January succeeding birth.

From 10 A. M. to 4 P. M. all stock must be uncovered and an attendant there to answer all questions politely.

All stock must take part in the grand parade.

THE STANDARD.

As Revised and Adopted by the American Trotting Register Association, May 19, 1891.

In order to define what constitutes a standard-bred horse, and to establish a breed of trotters and pacers on a more intelligent basis, the following rules are adopted to control admission to the records of pedigrees. When an animal meets the requirements of admission and is duly registered, it shall be accepted as a standard-bred animal:

1. Any trotting stallion that has a record of two minutes and thirty seconds (2.30), or pacing stallion that has a record of two minutes and twenty-five seconds (2.25), or better, provided any of his get has a record of 2.35 trotting or 2.30 pacing, or better; or provided his sire or dam is already a standard animal.

2. Any mare or gelding that has a trotting record of 2.30, or pacing record of 2.25, or better.

3. Any horse that is the sire of two trotters with records of 2.30, or two pacers with records of 2.25, or one trotter with a record of 2.30, and one pacer with a record of 2.25, or better.

4. Any horse that is the sire of one trotter with a record of 2.30, or one pacer with a record of 2.25, or better, provided he has either of the following additional qualifications: (1) A trotting record of 2.35, or a pacing record of 2.30, or better. (2) Is the sire of two other animals with trotting records of 2.35 or pacing records of 2.30, or one trotter with a record of 2.35, and one pacer with a record of 2.30, or better. (3) Has a sire or a dam that is already a standard animal.

5. Any mare that has produced a trotter with a record of 2.30 or a pacer with a record of 2.25, or better.

6. The progeny of a standard horse when out of a standard mare.

7. The female progeny of a standard horse when out of a mare by a standard horse.

8. The female progeny of a standard horse when out of a mare whose dam is a standard mare.

ROSSTON, PA.

BERKSHIRES.

We offer some very choice stock from the most fashionable strains of the breed. Pigs by Premier Longfellow, Baron Duke 50th, Masterpiece, Sensation, Artful Premier, and other really GREAT boars. Our magnificent sow Lees Artful Belle 11th, for which we recently paid the record price, has a litter of ten by Premier Longfellow, which are the best we have ever seen. We expect to exhibit this famous litter at some of the big State fairs this year. Our Berkshires are of uniform and correct TYPE, and we take much pride in this fact.

LARGE YORKSHIRES.

We think we have as good as have ever been produced in the United States, and have just sold a draft from our herd for export to South America. We have plenty more good ones, however.

GUERNSEYS.

We offer a few choice bull calves bred from World's Fair winners.

We invite correspondence, and wish it understood that our prices are at all times moderate.

Our trade throughout the South has shown a steady and vigorous growth, and we anticipate a fine trade from this section this season. The class of stock we are shipping out has the breeding and individual merit to justify a continuation of this satisfactory condition.

Address,

H. T. MORGAN, Manager,

9. Any mare that has a trotting record of 2.35, or a pacing record of 2.30, or better, whose sire or dam is a standard animal.

DEPARTMENT B 2.—CATTLE.

BENEHAN CAMERON, *Director.*

Unless the Judges deem the animals *individually* worthy, they will withhold premiums.

All except Grades or Natives must be registered and certificates of registration filed with the Secretary. In all entries for Grades, either the sire or the dam must be registered thoroughbred, and so proven. Only residents of North Carolina can exhibit and take prizes in the Grade and Native cattle classes and in classes "owned in North Carolina."

Owners of cattle in North Carolina can also compete in "open to the world," but only one premium in cash will be paid for the same animal—diploma will be given, in case both premiums are taken, for the other class.

Cattle arriving at the limit of age during the month of October of holding the Fair shall be deemed to be under that age.

Cattle entered for individual premiums can also compete in one of the herds.

Exhibitor's Herd to consist of one bull and not less than four cows or heifers over two years old.

Breeder's Young Herd to consist of one bull and four heifers under two years old. The same animals cannot show in both herds.

Governor Glenn on Eastern Carolina.

The Land of Opportunity—More Healthful Than Even the Western Part of the State.

In course of a recent magazine article Governor Glenn writes thus of Eastern North Carolina and the opportunities it offers:

"Nature has given this section every variety of soil, from the muck of the swamp to the clay land of the higher elevations and the sandy loam and the alluvial soils, producing every kind of crop. Often the same farm yields corn, wheat, peanuts, tobacco, cotton, melons, grapes, fruits and grasses. It is not unusual to find land that will yield from 300 to 600 pounds of cotton to the acre, and from 30 to 50 bushels of corn.

"During the last few years along the railroads and streams traversing this fertile country, special attention has been given to trucking, and the vast amount of cabbage, lettuce, potatoes, strawberries and other early fruits and vegetables grown show that the productive quality of the soil is equal, if not superior, to the far-famed trucking farms of Florida and Georgia.

"At one time, owing to bad water and malarial diseases prevalent in certain localities of the east home-seekers rather dreaded casting their lot here, even though the inducements were great, but preferred to go elsewhere, though in a poorer section. All this, however, is now remedied by the establishment of water-works in the towns, and cisterns and a system of driven wells in the country, until to-day Eastern Carolina is as healthy as any other portion of the State, in fact, the mortality being even less than in the West.

"The Norfolk & Southern Railway and the various steamboat lines on sounds and rivers furnish ample facilities for transporting passengers and freights to and from every locality, and the new lines now under construction will soon render this one of the best developed parts of the entire State.

"The industrial development of the counties along the above named railroad has kept pace with the progress in other lines, and to see the condition of things now, and then remember what it was only a few years ago, fills the mind with wonder and amazement. Cotton factories, tobacco warehouses, mills of every kind, fisheries, canning works, saw-mills and many other works—all attest the onward march of this thrifty section, and is an earnest of what the future will most assuredly be.

"In conclusion, let me say, that this fertile section of our State offers unsurpassed facilities and opportunities to every class and condition of men—the man with capital seeking investment; the laborer wanting work; the home-seeker desiring peace and plenty; the truck and crop farmer wanting rich yet cheap lands; the sojourner for health or pleasure; the fisherman, lawyer, doctor, merchant, broker, preacher—all will find here conditions and opportunities both agreeable and profitable."

If you are interested in this splendid section write for printed matter descriptive of the opportunities it offers to the home-seeker and investor.

THE NEXT SCHOOL YEAR BEGINS OCTOBER 1, 1907, AND CLOSES THE MIDDLE OF MAY, 1908.

The new building, known as the Tupper Memorial, has been erected to increase the industrial facilities for the young men and an addition has also been made to Estey Hall, giving more room for the young women for the departments of sewing, dressmaking, millinery and cooking. There are complete courses of study in the Normal, College Preparatory and College Departments; the schools of Law, Medicine and Pharmacy maintain a high degree of efficiency. The attendance has become so large during the last few years that prospective students of Shaw University should make their application a year or so in advance to make sure of admission. ARE YOU GOING TO WIN A PRIZE?

at the Fair? We can help you. Big winners use the greatest conditioner, assimilator, and flesh promoter,

PRUSSIAN STOCK TONIC.

Awarded DIPLOMA OF MERIT at North Carolina State Fair, 1906.
Won Many Prizes at the World's Fair, for Watt & Foust.

GENTLEMEN: We used Prussian Stock Tonic in fitting our show herd for St. Louis. At the Fair we stood third as exhibitors, there being forty-six contestants. We never had hogs to "fit" better and get in better condition than those we prepared for this show. We are now using Prussian Stock Tonic on our brood sows, as we are breeding over 100 head this fall. Wishing Prussian Stock Tonic the success which it deserves, we are,

Very sincerely yours, WATT & FOUST,
Proprietors Miami Valley Herd of Duroc Jersey Hogs, Cedarville and Xenia, Ohio.

PRUSSIAN POULTRY TONIC.

is unequalled as an egg-producer and flesh-former, because it keeps the digestive organs in perfect condition. A trial will convince you.

PRUSSIAN LICE KILLER (liquid) and LICE POWDER

are indispensable in the poultry yard for all kinds of lice and vermin and for disinfecting. Write for Poultry Booklet, free.

PRUSSIAN VETERINARY REMEDIES.

Heave Powders, Worm Powders, Gall Healer, Spavin Remedy, Colic Killer, etc., GUARANTEED.

DEPARMENT B 3—SHEEP.

GEORGE ALLEN, *Director.*

Judges will not award premiums unless the animal is fully meritorious.

Exhibitors are required to have their stock ready in the pens for the Judges by 10 o'clock A. M. the second day of the Fair. This rule will be strictly enforced. See that your entry cards are properly made out and securely placed in a conspicuous place on the pens.

RULES GOVERNING JUDGES.

Judges of sheep are expressly instructed that it is their duty, in every case, to require from each exhibitor in lots of pure breeds satisfactory evidence of purity of breeding as claimed; and Judges, when awarding a premium in any such lots, will be understood to say by such award that (in their opinion) the animals receiving the premium are, beyond a reasonable doubt, purely bred, as claimed.

All ewes three years old and over shall have raised a lamb this season.

All sheep offered for competition must be accompanied with an affidavit to the effect that they have been shorn since April 1, 1907, and the date of shearing must be given.

Flocks and pens of sheep must be owned by one individual or previously existing firm.

Animals competing for the individual premiums may also compete for the flock premiums.

GREENSBORO, ... NORTH CAROLINA.

Our Experience

In the manufacture of Chewing
Tobacco for Thirty-five Years

Both as Employee and Proprietor

Convinces Us that it is a False Economy for a Man to Chew Common or Low Grade Tobaccos.

To commence with, the leaf is not suitable for chewing, or it would not be common or low grade, and the price at which the manufactured article is sold precludes the use by the manufacturer of the better grades of flavoring; the result is, that . . . . . .

The User of Common Chewing Tobacco will

Put a chew in his mouth and masticate it in a few minutes, and then

Throw It Away when His Palate Revolts

And he will keep up this operation, putting in and throwing out all day; so that his common tobacco will have cost him more than if he had bought good tobacco in the first instance, and used about three chews a day. . . . . .

WE THINK WE HAVE SOLVED THE QUESTION

Of Chewing Tobaccos, by Putting in Good Leaf and Good Sweetening. . .

And we offer three of our brands—excellent tobaccos—at a comparatively moderate price. They are: RAM'S HORN, RED EYE and NATURAL LEAF. ASK YOUR DEALER FOR THEM, AND BE SURE OF GETTING SATISFACTION. If your dealer does not keep our tobaccos, send 10c. to us in stamps for generous sample.

DEPARTMENT D.—HORTICULTURE, ETC.

F. C. REIMER, *Director.*

Read the rules carefully and comply strictly.

All entries in Fruit and Vegetable classes must be made by the growers, and all fruits must be of State growth. All entries in Manipulated Fruit and Vegetable classes must be by those who manipulate the same.

Entries in Tool and Package classes may be by manufacturer or retailer, and need not be of State manufacture. Entries in Nursery class open to State-grown plants only.

"Plates of fruit" means that the fruit is to be placed upon wooden plates, which will be furnished by the Secretary. Each plate is to contain five specimens, and no more. Each plate of fruit must be plainly and correctly named, and the entry tag attached to the same, so that the entry can be identified by the committee without difficulty. Plates entered for the single plate premiums are all to be arranged by themselves, and not mixed up with those entered for general collections. A premium offered for a general collection of fruit will not be awarded to a mere pile of apples or other fruit, but must be for a real collection, arranged on plates of five each and all correctly labelled, and no fruit will be counted in a collection unless it is a fair specimen of the variety. No trashy fruit of any kind will be counted merely to make up a collection. A premium for the best collection of grapes, peaches, or any other fruit, will not be awarded to a mere number, but to the quality of the exhibit mainly. Brandies and wines must be in sealed and neatly labelled bottles. The committee will withhold premiums in any case where there is no competition and the article is of inferior quality, and no second premium will be given solely because there is no other exhibit but the two, but all fruits must be of good quality. No attention will be paid by the committee to any fruit or other exhibit that is not arranged in accordance with these rules. The awards for fruits will be made on the afternoon of the second day of the Fair, and all not then in place will be left out. No exhibitor will be allowed to discuss exhibits with the committee, or to interfere in any way while the committee is at work. If the exhibits are not so arranged that the committee can find all without help, they will be left out in the award. To avoid all unnecessary walking to and fro on the part of the judges, the fruit exhibit must be arranged in consecutive space near together, and not scattered about the buildings. The same rule will apply to the exhibits of bottled liquors and canned goods.

In the exhibits of exotic plants in pots, the plants competing for each premium must be arranged by themselves, as the judges will not hunt among a mass of plants to find the ones competing for special premium, and no plants in the professional class will be awarded a premium, unless it shows a well-grown specimen of its kind. The premium for the ten roses is held to mean ten varieties, each in a separate bottle, with label attached giving the correct name of the variety. In the premium for the best and largest assortment of cut flowers, each variety must me shown in a separate bottle of water, or other vessel, to show them properly and keep them fresh, and no notice will be taken of collections loosely thrown on the tables. In the premiums for the best bouquet, basket and floral design, attention will be given as much, or more, to the tasteful arrangement than to the particular kinds of flower used.

In the nomenclature of fruits the names adopted by the American Pomological Society will rule, and no variety will be accepted that has not been admitted to their catalogue, except in the case of seedlings never before exhibited. A pile of fruit brought for sale merely will not be allowed to count in a general collection of fruit, as all fruit shown for premiums must be arranged on plates, and remain on them till the close of the Fair.

Half-Hours in Southern History

By JNO. LESSLIE HALL, Ph. D., Professor of English and of General History in the College of William and Mary.

To the Southerner this book will come as a trumpet blast on a clear, frosty morning. To the Northerner it will come as an interesting revelation of how a Southerner of to-day—not of yesterday or of to-morrow—a Southerner of the highest intellectual and social type, thinks and feels about the South, and about the Union, of which, as Dr. Hall reminds us, the South was the chief architect.

"Dr. Hall has done a work that ought to have been done, and we cordially commend his book to all who wish the young of our land to grow up with fair and honest and just views, and with an accurate and intelligent knowledge of history."—*Southern Churchman, Richmond, Va.*

"May well be read with enjoyment by all persons not so hopelessly prejudiced as to be unable to understand the Southern point of view. Prof. Hall is a true son of the South, a loyal defender of the Confederacy . . . Yet he is by no means narrow-minded, and many of his statements have been confirmed by Northern writers who have looked at the situation with unbiased eyes."—*Providence (R. I.) Journal.*

"No book could be more welcome or of greater service . . . It is a book that will be read by all Southern students and scholars, and it should be read as universally in the North. It would do us all good."—*Journal of Education, Boston.*

"His pictures of Southern civilization before and since the civil war are drawn by an artistic hand and a spirit of kindly charity pervades the volume."—*Globe, Boston.*

"The book will astonish many who have been carefully schooled on the other side, but when they have read the book they will understand the South better, and will feel better toward Southerners.—*Post-Telegraph, Camden, N. J.*

The American Realty and Auction Co.

of

Greensboro, N. C.

Do a General Auction Business in All Lines.

However, make a specialty of taking large tracts near to or within towns and cities, sub-dividing same into lots, and selling at auction. . . . . .

If you have vacant property near some town that you would like to have the cash for, write us. We can get you more money for it at auction by our new method of auctioneering than you can possibly get in any other way.
